

THURSDAY, JANUARY 24, 1946

SIERRA MADRE, COUNTY OF LOS ANGELES, CALIFORNIA

VOLUME NO. 18

## Chamber of Commerce Elects its Officers

Beautification of Business District Was Discussed

At a meeting of the Chamber of Commerce held Monday evening, R. A. Hawks was elected president of the organization, A. L. Sumner, vice-president, E. Morgan secretary-treasurer, Russell Lovejoy chairman of the financial-membership committee and Carl T. Colt chairman of civic affairs committee. The secretary is to be paid a monthly stipend of \$30.

A discussion concerning the practical beautification of the downtown business section, and also street and drainage improvements, resulted in authorizing Harold Roberts to contact the California Institute of Technology to determine their attitude toward making a class project of the problem.

The Chamber went on record as offering its whole-hearted cooperation and support to the city and organizations planning a home-coming welcome to the veterans of World War II. W. D. Thurner being designated to represent the Chamber in this activity.

Youth organizations will be included in Group Civic Memberships, if represented by adult leaders.

Meetings of the board will be held Monday evenings, from 7:30 to 9:30, and members will be fined 10 cents for each minute they are late.

## Board Votes To Buy Eaton Canyon Plot

22 1/2 Acres Included in Park Project to Cost \$38,707

As the first definite move toward establishing the Eaton Canyon Regional Park west of Sierra Madre, the Board of Supervisors adopted a notice of intention to purchase approximately 22 1/2 acres of privately-owned land in what will be the heart of the project.

On motion of Supervisor Roger W. Jessup, the board gave notice it will purchase within the next two or three weeks the properties owned by Robert E. Dawson and Rudolph Caspers, both of Pasadena, for a total of \$38,707.

PLOT COST \$38,707

The Dawson acreage will cost \$23,296.77 for slightly more than 13 acres. This plot is situated on the west bank of Eaton Wash, northerly of Sierra Madre Boulevard, easterly of North Foothill Boulevard, and south of North Avenue.

The Caspers property described by County Land Agent Hugh Lawrence as being "moon-shaped" is immediately easterly of the Dawson property. The county proposes to pay Mr. Caspers \$15,411.

CONSULTED WITH HINES

Supervisor Jessup said that prior to making his motion this morning, he had consulted with City Manager Harold Hines, and had obtained Mr. Hines' promise that Pasadena will assume responsibility for operating the first section of Eaton Park, and all other additions. The county will assist financially.

## Open House Observes 55th Wedding Day

The children of Mr. and Mrs. B. B. Finkhouser are honoring their parents at an open house Sunday afternoon, January 27, from 2 to 5 on the occasion of their 55th wedding anniversary, at their home, 660 Woodland Dr. The day is also the 34th anniversary of their daughter and husband, Mr. and Mrs. Carl Beck of Long Beach.

## Red Cross Chapter Elected Directors, Hear of National Recognition for Camp and Hospital Committee

## We heard that...

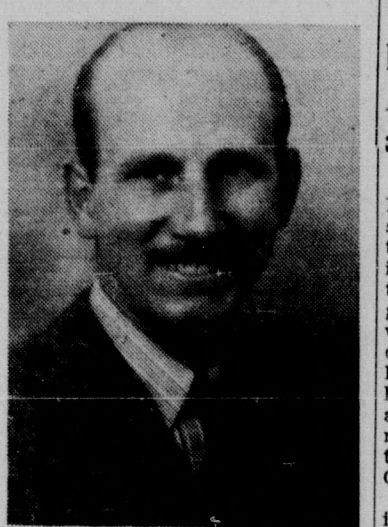

There is a new way to break the meat line. The other day a woman at the foot of the line, with about 30 others, sang out to the woman at the head, "Honey, they just put out some butter," and the line melted away like butter on a hot day. . . . Even the big papers make mistakes sometimes. One of the L. A. dailies printed a story that Pacific veterans are coming home with "heart worm," a dog disease, according to the recent State Veterinarian's report. That many diseases, as tuberculosis, are common to man and animals, and concludes with the following: "If the metal is permitted to harden in the furnaces it ruins the equipment." The City Dais at their meeting Tuesday evening voted to buy a pipe-finder for Joe Swanson, our Street and Water Superintendent. Ain't modern science wonderful? Now if they would only invent one so we could find our glasses and keys we'd be all set.

## Wistaria Bake Shop Sold to Lawrence Murray

The same good cookies, cakes, etc., will be in the cases but Mr. and Mrs. Stanley E. Decker will not be behind the counter and in the shop at the Wistaria Bake Shop. After 16 years of continuous service to the community the Deckers have sold the bakery. They will continue to live in Sierra Madre at their present home, 431 E. Montecito.

Lawrence Murray, the new owner, has been in the bakery business in Pasadena for nine years—that is, until a little over three years ago when he joined the Navy.

The Murrys are now living in Sierra Madre and Mrs. Murray will be associated with her husband in the business.

LAWRENCE MURRAY

Lawrence Murray has made baking a profession and when the Navy discovered he was a baker he was placed in the instructing department and served through the war teaching men of the Navy how to make the good bread and pastry for which it is noted. He was stationed two years at Camp Perry, Va., and the remainder of the time in Maryland, and since his discharge in August has been helping Mr. Decker.

## The Price of a Man's Life May Hang in Your Closet. In a Chest May Lie the Decision Whether a Child Lives or Dies

The Clothing Drive is Waiting Your Donation

We have been urged by the Victory Clothing Collection Committee to write something appealing to write words that would make our fellow townsmen bundle up the clothing which they can spare and deliver it to one of the many depots in the city, probably the most convenient places being the city hall and the post office. Chairman, Rosalie Goodwin reports the collection is coming in fairly well but not as abundantly as it could.

If you must know first hand Continued on page eight

## Public Invited to Court of Honor for National Scout Week

The Court of Honor of the Boy Scouts will be held Monday, February 4th in the Congregational Church. This will be a joint meeting of Scouts with the Cub Packs.

The parents are invited to come with a box lunch at 6:30. The coffee will be provided.

William Kinney, district chairman will speak on local scouting and assistant scout executive, Skipper Robinson of the Pasadena-San Gabriel Council will talk on National Scouts. A splendid program has been arranged and the Merit Badge and Cub awards will be given.

The annual meeting of the Red Cross Chapter Monday evening was well attended. Directors were elected to serve for a three-year period. Judge Noren Eaton was the new member elected to succeed Mrs. R. A. Pratt. The other seven were re-elected: Mrs. Augusta Coats, Mrs. W. J. Colligan, Harry A. Lange, Arthur O. Pritchard, Thomas Schwartz, Miss Jean Woodward and Mrs. Robert Wright.

Reports of committees marked Sierra Madre Chapter as outstanding among the small chapters in this area.

B. G. Robinson, Field Director, Camp and Hospital in Southern California, related that the work of the Camp and Hospital committee. Mrs. Edward Clinton Young, chairman, had made this chapter first on the list of small chapters throughout the country.

Mrs. Lauretta Wilkinson, Assistant Field Director, Birmingham hospital, Van Nuys, told of the work of the Red Cross in Army hospitals and emphasized the need in the future of the Chapter's assistance in the Production and Camp and Hospital.

Don't put off taking the warm clothing the children have outgrown to the City Hall for the Clothing Drive.

## Government Weather Bureau Station Here

Probably few people know that Sierra Madre has an official government weather station. It is located at the Paul Carter home, 666 Mt. Wilson Trail, and Mr. Carter takes the readings each day and reports the maximum and minimum temperatures and rainfall to the L. A. Flood Control and the temperature readings to the regional office of the Federal Weather Bureau.

This duty was taken care of by Col. Hersey until four years ago when he resigned and the responsibility was turned over to Mr. Carter.

The lowest temperature recorded in four years was 34° and the lowest this year 38°. This is slightly warmer than down in the city but is representative of the foothill area. The maximum for January so far was 79°. Last summer a maximum of 99° was reached.

True shade temperature is secured with these instruments as they are located in shuttered housing, away from other buildings or pavements that might reflect heat.

## Past Lieut. Governor Amos DuBois Spoke at Tuesday Kiwanis

Past Lieutenant Governor Amos DuBois of San Gabriel was the speaker at Kiwanis Tuesday, on the subject "Knowing Kiwanis," it being the 31st anniversary of the founding of the national organization. Guests of the club were Wm. Feeler, superintendent of the Monrovia-Arcadia-Duarte high school; Robert Thomas, with his father, Kiwanian Eber Thomas, and Harry Lane, past governor of the California-Nevada district and a member of the San Gabriel club.

The program next week will be in charge of Vice-President Robert H. Green and plans for the coming year will be discussed.

## GRADUATING TOMORROW FROM WILSON JUNIOR HI

Of the graduating class at Woodrow Wilson Junior High tomorrow night eight of the list will be from Sierra Madre: Celeste Tlayer, Miner Harkness, James Barker, Tom Cox, Evelyn Nozher, Mary Lou Cahill, Grace I. Bawden and Jeanette Carlson.

## THE WEATHER

## SIERRA MADRE — GROWTH OR DECAY

PAUL N. CARTER

Sierra Madre has acquired through the years that character, charm and individuality which is the envy of most communities, and is attained by few. But because we have acquired a measure of perfection as a home community, we cannot hope to retain that position by merely resting on our oars. A community literally either grows or decays.

For example, our town is now in excess of 80 per cent built up. This means that after a few years of increasing tax revenue, necessary for the support of our school and local government, depreciation of property values on older homes will eventually reduce tax revenues to a point where it will not be possible to maintain city government at the standard demanded by a community of the highest type of American citizens.

A broadened tax base would, in a large measure, overcome this problem. The present municipal organization could expand sufficiently to serve 40 per cent more area at a very small fraction of the increased tax returns from such an area when filled with high-class homes.

For the first time in two generations the opportunity for this growth lies within our grasp by negotiating for the annexation of the upper 500 acres of the Hastings Ranch, lying to the west of Sierra Madre.

Obviously such extension presents problems such as: Development of more water; extension of school facilities, fire and police protection, street cleaning, garbage, trash, etc.

There are some who say, "Why assume additional burdens? We are well off now." But without growth there is decay, and who can say but that indifference today to the golden opportunity to make Sierra Madre permanently self-supporting, will eventually lead to the necessity of our absorption by a larger community.

No problem has ever been linked by approaching it in a spirit of defeatism or easy-going indifference. There are some who say that such expansion would over-reach our water resources. Has any real effort been made to obtain additional supply by further conservation and development of the resources we already have? Did Arcadia stop its growth when its limit of Santa Anita Basin water was reached? The answer is very plain to any who will view the aggressive community of homes lying to the south and east of Sierra Madre.

Sierra Madre today stands at the door of opportunity. The problems confronting the founders and early citizens of this community, considering the resources and equipment available in the '80's and '90's, were almost insurmountable compared to those facing our community today. May the example set by the far-seeing men of that day be our guide today in insuring that our children will grow up in the splendid independent community we have within our power to insure for the future.

Note: The writer will prepare a word picture of Sierra Madre's water resources for a future issue of the News.

## PUBLIC HEARING ON ANNEXATION TO L. A. CO. SEWER SYSTEM

Public hearing on a proposal to annex 57 square miles of the San Gabriel valley and foothill area to the county's sewer system was ordered yesterday by the board of supervisors.

The area involved includes the cities of Arcadia, Monrovia, Sierra Madre and San Gabriel, whose councils adopted resolutions favoring the annexation, and the communities of Temple City and Pico, where approximately 1000 property owners signed petitions calling for the move.

The Supervisors set 10 a.m. next February 26 as the time for a hearing at the Hall of Records on the proposal.

## Brig. Gen. Kenneth P. Lord Makes Award to Maj. Robert G. Hurt for Service of Merit

Major Robert G. Hurt has been awarded the Army Commendation Ribbon by Brig. Gen. Kenneth P. Lord, Acting Commanding General, for outstanding service as Senior Aide to the Commanding General, with headquarters at Governors Island, N.Y.

The citation accompanying the award follows: "For meritorious service as Senior Aide to the Commanding General, Eastern Defense Command and First Army, and Eastern Defense Command from August 15, 1942, to December 31, 1945. Major Hurt's dynamic personality, keen foresight and exceptional executive ability enabled him to handle with distinction a wide variety of duties, and his alacrity to accept responsibility, enthusiasm, tact and resourcefulness won him recognition as a most valuable assistant."

The Army Commendation Ribbon is awarded under conditions which the Bronze Star Medal, the equivalent combat or operational award, does not apply. The ribbon is one and three-eighths inches wide, of white stripes and myrtle green bands.

Major Hurt was graduated from the University of Southern California in 1940, and was associated with The May Company, Los Angeles, as assistant personnel director before entering the service in 1941. He was commissioned a second lieutenant in the Adjutant General's Department in June, 1942, and was assigned to Headquarters, Army Service Forces, in Washington, D.C., in September, 1942. He was appointed aide-de-camp to the Commanding General, Eastern Defense Command and First Army, in August, 1943. He was promoted to major in April, 1944.

Major Hurt is the son of Dr. L. M. Hurt, 721 W. Orange Grove, Sierra Madre. A brother, Major R. H. Hurt, is a veterinarian in the Army. Major Hurt received his discharge November 26 and is back in civilian life.

## Council Studies Retirement Fund Plan. Recreation Commission Requests Added Funds

CUTTINGS OF THE VINE SENT TO PLUMMER PARK

Cuttings from the Wistaria Vine were given by Mr. and Mrs. Richard Thayer to County Park Superintendent J. R. Wimmer yesterday for planting Plummer Park in West Hollywood, Santa Monica Blvd. Also cuttings from the famous grape vine at historic San Gabriel Mission were given for the same purpose.

Plummer Park was the property of Capt. Eugene Plummer, pioneer Hollywood settler who gave his home and grounds to the county for public recreation.

## Funeral Rites Held Monday for the Late L. R. Goshorn

Services for the late Lawrence R. Goshorn were held Monday afternoon at the Congregational church with Dean A. G. H. Bode officiating. Mr. Goshorn who had been in very poor health for the last few years, passed away at his home, 479 W. Sierra Madre Blvd., Thursday. He retired from business more than a year ago when he disposed of the Sierra Madre News, and devoted his time in seeking better health.

The services were in charge of the Grant Chapel and the pallbearers were R. C. Lewis, James Heasley, Lester Layton, H. Clay Reavis, Herbert Ingraham and Eugene McGill. Interment was at Forest Lawn.

Mr. Goshorn is survived by a daughter, Mrs. Doris Gullikson of Sierra Madre, granddaughters, Mrs. Adelaide Campbell and Mrs. Helen O'Connor of Pittsburgh, Pa., and brother, Harry Goshorn who had been staying in the Goshorn home during the last illness.

A brief review of Mr. Goshorn's life before coming to the West will reveal the busy and important life which came to a close in Sierra Madre.

An outstanding figure in the political history of Western Pennsylvania, and especially that of Pittsburgh and Allegheny county, for 25 years was Lawrence R. Goshorn.

Born in Sharpsburg, Pa., January 11, 1876, the son of Nicholas and Mary S. (Rock) Goshorn, this youngest of their six children became a resident of Pittsburgh when aged 14 years. He was educated in the public grade schools with pre-school study at Pittsburgh Academy, and later attended the Greensburg Seminary which he left to enter the newspaper field as a reporter on the

## Girl of Thirteen Suffers Broken Bones in Fall From Mt. Wilson Trail Sunday

A story of bravery and tragedy unfolded itself on Mt. Wilson Trail Sunday afternoon, the bravery of a lad of 14 and the tragedy of a 13-year-old girl who fell down the mountainside.

A group of about 15 young people from the Kerns Junior high school in East Los Angeles, with three ex-service men, brothers of the younger ones, were on a hike and becoming thirsty, some of them decided to leave the trail and cut down to the stream below for a drink. Korkey Miller went first, followed by 13-year-old Dolores Keaster and another lad, Dallas King. Dolores slipped and fell and Korkey caught and held her but the King boy loosened a large rock in his descent which rolled down and struck Miller in the back, causing him to lose his hold on the girl who fell, a distance of about 175 feet, down the mountainside, the last plunge between 25 and 45 feet, over a cliff into the stream below.

Miller was under water and unconscious but was quickly taken out by the boys and carried to a nearby cabin where she was wrapped in blankets. She had suffered a severe cut on the head, was badly bruised besides evidently suffering internal injuries and shock.

This happened at 12:30 in the afternoon and the Miller boy and another ran down the trail to the Plummer Park where a telephone call was put through to the Sierra Madre police who called the U.S. Forest Ranger station. At two o'clock Ranger McClelland appeared at the Carter home but returned to the station as he was told by assembled people the girl had been rescued. The girl's parents, Mr. and Mrs. Paul Keaster, 133 S. Sherbrook, East Los Angeles, arrived about 2:30. At about three o'clock the Ranger returned with a trained first aid man from Glendale Red Cross Chapter, who rendered first aid and the girl was later carried down the trail on a stretcher to the Carter home and was taken in a Pasadena ambulance at about six o'clock to the Emergency hospital in East Los Angeles, where it was found she had suffered the broken pelvis bone besides other injuries.

The Miller boy had received bruises on the back and leg from the falling rock but no serious injury.

It was a long time for the girl to wait for medical aid but Ranger McClelland explained to a NEWS representative that he was alone at the time as the force at the station is cut down at this season when the fire hazard is so great. The Sierra Madre police had no men available and he was unable to contact the Sierra Madre Triple F, but he called the Glendale Red Cross and Forest Service Fire Dispatcher's office also responded to his call and accompanied him to the scene of the accident.

The Rangers have asked the NEWS to again warn people of the danger of leaving the trail. Ninety-five per cent of the accidents, they say, occur because of hikers leaving the trails that are made for hikers.

## SERVICES HELD SATURDAY P.M.

Services were held Saturday afternoon at Grant Chapel for the late Gertrude Katherine Annas who passed away January 16 at 209 Ramona at the age of 79 years. Mrs. Annas had been a resident of Sierra Madre 20 years and of California 23 years. She was born in Muhlheim, Germany.

She is survived by two daughters and eight sons: Emma Dittmar of Sterkrade, Germany; Mrs. Fred Richter of this city; Ernest Annas of Oregon City, Ore.; Robert Annas of Portland, Arthur, William, Carl and Hugo Annas of Sierra Madre; Walter of Pasadena and Jacob of Altadena. There are 39 grandchildren and 14 great-grandchildren.

The Rev. Rudolph Zusbuchen officiated at the funeral services, which were held at Sierra Madre cemetery.

## Forty Hours Devotion Opens St. Rita's Sun.

The Forty Hours Devotion will open at St. Rita's Church Sunday morning, January 27th at the 11 o'clock Mass. Fr. Leo Scheibel, C. P., will be celebrant of the High Mass sung by the Girls' Choir. All-day Exposition of the Blessed Sacrament will be held on Sunday, Monday and Tuesday, closing each evening with Benediction. Masses on Monday and Tuesday will be at 6:30 and 8:15. Evening Services at 7:30 on Sunday, Monday and Tuesday. Fr. Miles Bero, C. P., from the Monastery will preach Sunday morning and evening, also Monday and Tuesday evening. These special devotions in honor of the Blessed Sacrament will conclude Tuesday evening with Solemn Benediction.

## Theatre to Have Same Name as City

Changes are taking place mighty fast in Sierra Madre. The Wistaria will be known in the future as the Sierra Madre Theatre, so stated the new owner, Harold Stein. Mr. and Mrs. Stein are fine young people who are planning to give Sierra Madre an excellent movie house. Mr. Stein says he will soon be doing extensive remodeling and re-equipping and will give the city a theatre bearing the same name.

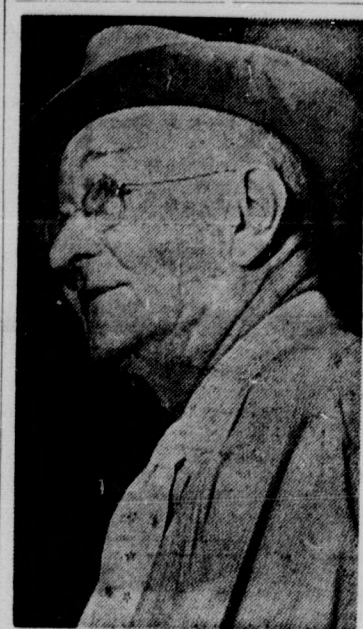

## MONASTERY MEMBERS PLEASED AT FRANCIS J. SPELLMAN ELECTION

Members of Mater Dolorosa Monastery of the Passionist Fathers here today expressed pleasure that Cardinal-elect Francis J. Spellman of New York was given St. John and Paul Church in Rome as his titular church by Pope Pius XII.

The church building, which overlooks the Coliseum and was built in 409 A. D. by St. Pamphilius, Roman senator, was constructed over the three-story palace of Sts. John and Paul who were officials in the palace of Constantia, daughter of Constantine.

It is the international headquarters of the Passionist Order and home of the International College of the Passionists, having been given to the order in 1773 by Clements the 14th. Every sixth year three members from each of the 18 Provinces of the Passionist Fathers meet at Sts. John and Paul to elect a Father General.

In 1929 when the Vatican City State was established, Sts. John and Paul became extra-territorial, not under the Italian government but under the Vatican City. The Sierra Madre members of the order point out that 91 of the

## OBSERVATIONS

By LEE SHIPPEY

Larry Goshorn lived among us for 16 years or so and some of us missed a great deal by not knowing him. The courage with which he carried on, despite great physical suffering and without complaint, was more than some of us could understand. Because he was suffering so much of the time he did not mix socially as much as he otherwise would have, and some of us thought he was crabby. But men like Perley Sheehan and Dean Bode learned what a great heart he hid under a sometimes gloom exterior. When he first came here the ways of a small city were strange to him. He had been the brilliant young editor of a big Pittsburgh paper and later one of the men whose unseen hands moved the strings which governed great events in Pennsylvania. But once he got to know him, and he became devoted to Sierra Madre. He was a stalwart, a member of the Old Guard that never surrendered, a grim brawler for his code against any odds yet his gentleness and tenderness to those in trouble was something to strengthen one's faith in human nature. He has well earned the rest and the succor from pain which he has found.

LEE SHIPPEY.

An Appreciation  
By DEAN A. G. H. BODE

It is a pleasure to pen this appreciation of my friend Larry Goshorn, who was so modest about himself that few realized the important part he played in national life in his younger years. As publisher of the News for 14 years, he did a good job, freshly helping in the work of the city and of every church, club and welfare organization and recording the interesting matters of home-town life. Not every one understands the role of village newspapers. The charm of it is that it makes us into a family with a kindly interest in one another.

We were great friends, especially since the time when Perley Sheehan came to be a mutual friend and supplied his remarkable articles each week for the paper. Larry had the faculty of gaining such friendships and using the ability of people who were writer like Perley for the pleasure and inspiration of the community. And for 14 years Larry, through his publication, was a benefactor to our town in supporting all good objects and keeping us interested in one another. We shall miss him and our gratitude follows him.

Changes are taking place mighty fast in Sierra Madre. The Wistaria will be known in the future as the Sierra Madre Theatre, so stated the new owner, Harold Stein. Mr. and Mrs. Stein are fine young people who are planning to give Sierra Madre an excellent movie house. Mr. Stein says he will soon be doing extensive remodeling and re-equipping and will give the city a theatre bearing the same name.

## Vandals Break City's Neon Signs. Purchase Additional Equipment

John R. Cornell, representing the State Employees' Retirement System, met with the Council and city employees Tuesday evening regarding the actuarial survey, made recently for Sierra Madre. He gave the figures showing the approximate cost for the city and also the employees. The first 25 years would cost the city \$855.83 per year, which takes care of the time each employee entered the city's service to date. After 25 years the cost to the city will drop to \$472.20 per year. These figures are based on the present number of employees with the same age range and salaries. The police, firemen and miscellaneous employees come under this and each group will vote on whether to come in or not and then it will probably be put to a vote of the permit.

A permit was granted to Mrs. Marion M. Douet to continue operating her boarding home at 301 Sturtevant Dr. This was operating prior to 1936 when the zoning ordinance was adopted. Places operating before the passage of the ordinance are not affected.

Jos. Swanson requested the purchase of a 14-ton truck to replace the 1930 Ford which is about on its last legs. It is an old Model A, 4-cylinder, and takes so much time and expense to keep in repair and so much time is lost in keeping it running that Mr. Swanson says it would be economy to buy a new one. The Council instructed the Purchasing Agent to advertise for bids. Mr. Swanson also requested the purchase of a pipe-finder, which the Council authorized. This instrument will locate gas, water mains and lead cables. It stops buzzing at the end of the pipe. It is difficult to ascertain where the pipes enter a lot, and much time and expense will be saved in digging up lawns, as well as damage to the lawns. It will be necessary to replace many of the old water pipes in the near future and the new gadget will help in speeding up the work.

The contract with the Nichols Electric Co. for service on the Sierra Madre neon signs at Foothill, at Michellinda and Baldwin, has expired and that company recommended that the city contact some company that carries insurance against breakage by vandals on neon signs. The contract at \$15 a month. Action was held over to next meeting to allow time for investigation. Someone recently smashed the lights with a long pole and the cost of the signs was \$137.85.

Police Officer William S. Chum, satisfactorily completed his six months' probationary period December 31 and is now a full-fledged employee at the regular salary.

The Recreation Commission, by Jack Butler, presented the quarterly report and requested the allocation of additional funds with which to carry on the work as the money for the last quarter has been expended. Total spent was \$171, \$147.50 for Recreational Director's salary, \$17.50 for lights and \$6 for equipment. Action was postponed till the next meeting. A fine new silk flag to replace the old one, hangs over the Council table.

## New Teacher Found for Local Schools

Superintendent Korsemeier announces that another teacher, Miss Marguerite Lowe of Arcadia, had been added to the teaching force of the local schools. Miss Lowe is a graduate of the Florida State College for Women and took graduate work at U.S.C. and has taught for two years in the Santa Paula schools.

On account of the greatly increased registration, Mr. Korsemeier states that he is trying to secure still another teacher to take care of the situation.

## MARCH OF DIMES

The drive for the March of Dimes for infantile paralysis work closes this week. Young ladies will be at tables in the business district Saturday to solicit your help.

Sierra Madre and Santa Monica were selected by the County committee to see how the plan of sending out letters to residents of these cities would work. If you have responded to these letters, the amount contributed will be credited to Sierra Madre. If you have not, your help locally will be appreciated and not just a dime, we hope, but some of the good old folding money.

## VETERANS' CORNER

Veterans desiring information, advice or assistance in relation to their rights and benefits under Federal and State laws, are urged to consult any of the following members of the Sierra Madre Veterans' Advisory Committee:

Harry Lange, 201 W. Sierra Madre Blvd., Pensions and Insurance.  
Henry F. Korsemeier, 141 W. Highland, Education.  
Francis Bakman, 194 Mariposa St., Occupation.  
Noren Eaton, 66 W. Sierra Madre Blvd., Legal—Veterans and Dependents.  
Rollin C. Lewis, 23 Kersting Ct., Loans.  
Mrs. Florence Peterson, 47 W. Sierra Madre Blvd., Medical—Home Service.  
Eugene Lumsford, 66 W. Sierra Madre Blvd., Taxes.  
The recent amendments to the G.I. Bill of Rights will be explained next week in this corner.

## Fraternity Pledge at Occidental College

William L. Stanton, Jr., son of Mr. and Mrs. William L. Stanton of 693 Manzanita Avenue, is one of thirty-nine pledges to the four fraternities at Occidental College as announced this week by Benjamin H. Culley, dean of men.

William, a freshman at Occidental majoring in physics, pledged Sigma Alpha Epsilon. He is a graduate of Pasadena Junior College where he was a member of Phi Kappa Theta club.

## Girl Scout Activities

Sierra Madre Girls  
Camp at Griffith Park

Members of the Girl Scout Council of Sierra Madre met Thursday evening, January 17, for their regular monthly meeting at the home of Mrs. Ross Marshall for dessert. Those present were Mrs. Andrews, Peterson, Spencer, Morley, Strite, Valencia, O'Connor, Nollac, Smythe, Hutton, Haskins. Mrs. Jean Steven, a new troop leader, and Mrs. R. K. Thayer, attending for Mrs. Woodworth, were also present.

Mrs. Andrews, commissioner, appointed three new committees: Membership, Mrs. Marshall, chairman; Mrs. O'Donnell and Mrs. O'Connor, policy; Mrs. Spencer, chairman. Mrs. Strite and Mrs. Carlson, sponsorship; Mrs. Peterson, chairman; Mrs. Smythe and Mrs. Haskins, all to meet with Mrs. Andrews Monday afternoon, January 28.

The program for the coming year was discussed and also the matter of a permanent camp site for valley cities. A course in camp training for Council members and troop leaders will be given soon.

Mrs. Strite, camping chairman, with Mrs. Nollac and Mrs. O'Connor, took 20 of the Girl Scouts to the Girls' Camp in Griffith Park Friday to Sunday. Those enjoying the trip were Beverly Stander, Rhea Tremberth, Donna Mertz, Shirley Peterson, Carol Lee Emmerling, Nadine Gutherz, Marilyn Nollac, Ann Carlson, Sylvia Worthington, Margot Woodworth, Marilyn Ifrig, Diane Ferris, Sally Latson, Marilyn Miller, Susan Marmion, Darlene Bennett, Sylvia Smythe, Dierdre O'Connor, Marvanna Haskins and Sally Woehler.

## P.T.A. GIVE DINNER TO BUY NEW EQUIPMENT

Enchilladas, Mexican beans and all sorts of good things are to be served at the P.T.A. Mexican dinner to be held tonight at 8 o'clock. The Grammar School cafeteria, where the dinner is to be held, will be gayly decorated in Mexican style, and Girl Scouts in colorful costumes will serve. There will be music during dinner.

Proceeds from the dinner will be used to purchase needed equipment for the Nurse's Clinic and the library.

## Threatening Forest Fire in Altadena Foothills on Sunday

The second fire in the Altadena foothills within a week started late Sunday afternoon between Eaton Canyon and the Hunniger Flats nursery near the old Mt. Wilson Toll road and was blazing in terrain so rough men had to be lowered over the ledge with ropes to control it.

The fire was brought under control early in the evening and Ranger M. W. Durham of the Arroyo Seco district, Angeles National Forest, assigned a crew of 18 men to patrol the area.

Ranger Durham blamed the fire on a careless smoker and warned that dryness of the vegetation has brought a recurrence of the fire hazard.

He urged the public to exercise great caution with cigarettes and fires, since the humidity is low despite the low temperatures. The same warning is sent out from the local Ranger station in Santa Anita Canyon.

Fire in the Altadena section might have spread to the mountains above Sierra Madre and any fire above Sierra Madre could easily spread to surrounding areas.

**POLISH-BORN** Waldemar and Anna Maslanka, left, arrive at a hostel for bombed-out children in Warsaw seeking clothing to replace their ragged garments. Other children await their turn, upper right, as Anna holds her new outfit just received from an UNRRA representative and Waldemar is given the first shoes he has had in six years. Completely outfitted, lower right, in clothing collected in the United Nations Clothing Collection last Spring, they are in high spirits—their self-respect restored. Millions overseas still are destitute. Start now collecting all the clothing, shoes and bedding you can spare. Give them to the Victory Clothing Collection for overseas relief.

## Likens Dimes Drive to War on Axis

Chief of Staff Dwight D. Eisenhower endorses the March of Dimes conducted January 14-31 by the National Foundation for infantile paralysis as a "fighting tribute" to the memory of Franklin D. Roosevelt. Said General of the Army Eisenhower:

"There will be no question of the response from every American who understands the urgency of the appeal. In our country infantile paralysis remains as one of the scourges that we must strive to eliminate, and I am certain that the fighting services and all veterans and civilians will unite in helping to defeat this enemy just as they did in gaining the victory over the Axis in the field."

## POLICE BLOTTER

For the second time in the same month, the same horse ran loose and got upon the same lawn to eat the same grass and flowers and the same owner got pretty sore at this same horse, so therefore the owner of the horse will never be the same. A lady complains about neighbors dumping trimmings on her vacant lot. If they dumped something worthwhile, it wouldn't be so bad. Someone lost a ration book containing sugar stamps. Sugar's hard to get at that. Gully party reported to the cops that he would remove the trims from the vacant lot, mentioned before. An outside fire in the late afternoon brought a Ramona resident into court. The judge fined him ten. Loose cattle along Santa Anita Drive. A mysterious voice of a woman crying could not be located. Officer Chunn searched in vain. An odd odor in the house at 300 Churchill aroused much anxiety. Firemen waited and smelled, nothing showed up. It is thought the smoke entered the house from outdoor burning. Folks along Hermosa are annoyed by kids in cars. Where do these kids get the money to drive these hoppers? A stray dog visits the people of Grove Street. Police located the owner in Pasadena. Another windstorm creates much excitement. Many trees down. Yells for help at the end of Michillinda proved to be some of our local yokels parked in jalopies. Because the noise was too much, they were asked to drive off. A burglary reported. Orange thieves reported at work along Hermosa and Manzanita. Heasley brought in several local boys who had plenty of oranges in their car. Boys said they just wanted a few to eat. "What harm is there in that?" Our younger generation has never had to work very hard for what they get. An auto accident. A dead dog is reported having been thrown over the fence of the city property along Grand View. Dog trouble. Dog trouble, again. A light high in the mountains was a County surveying crew signaling each other. A fire call to the west end of Sierra Madre Blvd. Large garage burned. A family who locked themselves out of their house had to wait for the return of the cops from the fire. A man who had lost his sense of smell was saved by

the sensitive "smeller" of Bill Chunn. The man had heard a sizzling noise so, much to his chagrin that he called the police to investigate. It was an easy

matter for Chunn to immediately identify the odor of escaping gas and find it coming from a wall heater. A little delay on the part of Chunn and the man might have been either blown thru' the building or in a permanent sleep. He said he was sick at the stomach. Too many chickens, rabbits and turtle doves is too much for one man to have—at least so thinks his neighbor. Padlocks being taken from garage doors. Door found unlocked. Someone stole a baby carriage from the school grounds. Must be expected. Smoke reported coming from a fireplace. Stuffed chimney. Prowler reported. Smoke reported coming from over the side of the hill along Canyon Crest Drive. Someone got arrested. Raging cars. Covina reports the recovery of a local stolen car, taken in Pasadena. Man threatens man. Men calls police-man. Mrs. Marlane of Mojave visiting Mrs. Terry of Vista Circle Drive boarded a P.E. Car on her way to Mojave. Immediately after she sat down in the car, she discovered she had left her purse somewhere. She left the car at Lamanda Park. A call was sent in to the local police to look on the wall at Michillinda and S. M. Blvd. The officers learned that the lady had been taken to the car by Mrs. Terry and Mrs. Terry was called only to find that she was not at home, Mrs. Crouse, a daughter of Mrs. Terry was then called. Informed that Mrs. Terry had already found the purse in her car and was now on her way to catch the P.E. car somewhere along the line between here and L. A. Mrs. McFarlane was brought back to Sierra Madre to wait. Mrs. Terry had a great time.

## NORTH DAKOTA PICNIC

The North Dakota State Society calls the "Flicker Tails" to an all day mid-winter reunion Saturday, February 2nd, 1946, in Sycamore Grove Park, Los Angeles.

A special program beginning at 2 o'clock will include fine music and a noted speaker who will be announced later. Flickers and their friends welcome.

## Basketball in Full Tilt

Coach McElfresh of Sierra Madre school has done very well for the "Basketball Lovers" this year. The Lightweight team has been undefeated in all League games. Wednesday, January 16, at Monrovia, the Lightweights won 17-10. A practice game with the same team Friday showed Sierra Madre lost by 19-6.

The Heavyweights have improved and show prospect of a strong team. A defeat on Wednesday, January 16, at Monrovia of 25-17, spurred the boys on to win a victory over Monrovia, Friday by a score of 23-15.

## ANNOUNCING—

A Brand New—Ultra Modern  
Community Food Locker Plant

This community now has a new, modern, refrigerated food locker plant. You and your neighbors now have the opportunity to enjoy the healthful benefits and extra savings of the most modern, convenient and the safest method of keeping foods as do hundreds of thousands of other families in America.

## You Can Save Money This Way

During the year, an average family uses 900 pounds of food. When you rent a locker, you can buy in quantity when prices are down. There is no danger of waste because you store your food and use it when needed. Save by buying larger, more economical cuts of meat. Buy a quarter or a side of beef and our butcher will section your purchase any way you like.

## Here's How It Works

You rent a locker for a year and you have spacious storage capacity to safely preserve any kind of food you choose. We freeze it for you, wrap it, mark it, and store the individually wrapped packages in your locker. Then all you have to do is go to your locker at your convenience and select what you wish from your individual larger. It's easy as 1-2-3 . . . enjoyable . . . and saves you time and money.

**FREE BOOKLET**  
of instructions for the preparation of all kinds of foods to be frozen.

**STOP IN — your inspection is cordially invited — or phone or write us TODAY!**

**ONLY A LIMITED NUMBER OF LOCKERS WILL BE AVAILABLE**  
Of the thousands of locker plants in America, most of them are full and having a waiting list of people who want to save money on their food bill.

## SIERRA MADRE SCHOOL CAFETERIA MENU

WEEK OF JAN. 28-FEB. 1

## MONDAY—

Pea soup; fruit salad; ice cream; milk, 5c each.  
 Plate lunch: Macaroni-cheese, beef, green salad; peach cobbler, 15c.

## TUESDAY—

Potato soup; lettuce-egg salad; ice cream; milk, 5c each.  
 Plate lunch: Chili beans, spinach, fruit gelatin, ice cream, 15c.

## WEDNESDAY—

Corn soup; peach, cottage cheese salad; ice cream; milk, 5c each.  
 Plate lunch: Hot beef sandwich, baked squash, Waldorf salad, apricot whip, 15c.

## THURSDAY—

Celery soup; green salad; ice cream; milk, 5c each.  
 Plate lunch: Scalloped potatoes and Spam, string beans, carrot-raisin salad, ice cream, 15c.

## FRIDAY—

Beef-vegetable soup; orange salad; ice cream; milk, 5c each.  
 Plate lunch: Salmon loaf, creamed carrots, slaw, chocolate pudding, 15c.

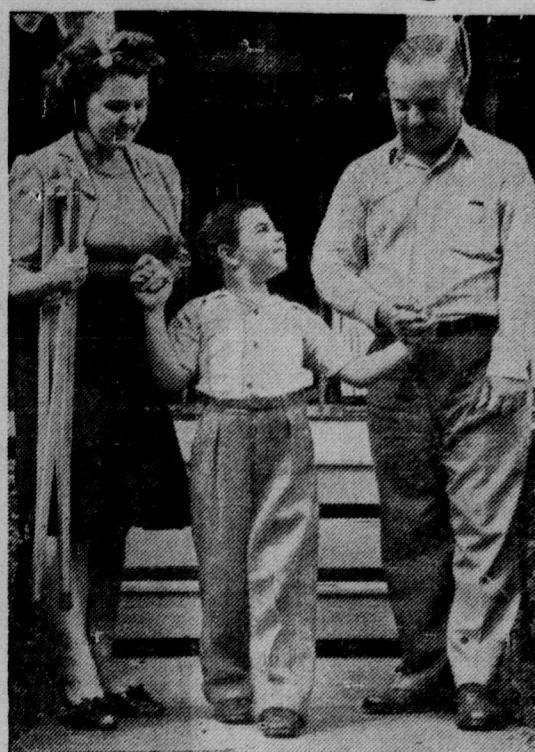

## KANSANS' PICNIC AT LONG BEACH

Paul R. Rieth, president of the Kansas Society of Long Beach, promises all Kansans in Southern California a splendid program starting at 1:30 p.m., Sunday, January 27, at Bixby Park. The Honorable Judge LeRoy Dawson, formerly of Dodge City, Kans., will be the speaker of the day. Basket lunch at noon, coffee on the grounds.  
 Program features Lorraine and Jimmie Osborne in songs and music.

## Baltimore's "Miracle Boy" Walks Again

Five-year-old Roger Hawk, almost completely paralyzed for eleven months, made so rapid and complete a recovery within five weeks that he's called the "miracle boy" of Kernan's Hospital. Stricken with infantile paralysis in August of 1944, just after he had been crowned "Supreme King" of perfect health in a contest for Baltimore youngsters, young Roger's case was considered almost hopeless.

Volunteers training course in polio care, sponsored by the Maryland Chapter of The National Foundation for Infantile Paralysis, so that they could help Roger in his fight back to health. First photo shows Mrs. Hawk helping Roger with his physical therapy exercises to strengthen weakened muscles. Second photo, Roger shows mother and dad that he really can walk again and without crutches. Dad, incidentally, was also a polio victim in his youth.

## SERIES OF LECTURES OPEN AT P.J.C. ON PSYCHIATRIC FACTS

Emotional problems confronting social workers and others dealing with sociological problems will be taken up during a series of 15 class lectures to be given in Pasadena under auspices of University of California Extension by Miss Ellen T. Marshall.

"People are often baffled and startled by the behavior of individuals around them. Social workers are continually confronted with psychological problems with which they must deal. It is of utmost importance that they understand and accept the feelings of their clients in order to render a positive, constructive service to them," says Miss Marshall whose first lecture will be given Monday evening, February 4, at 7 o'clock in room 139-C of Pasadena Junior College. Lectures will be given weekly on Monday evenings thereafter.

In this restless period in history there are many emotional pressures. Anxiety and fear reveals itself in the behavior of persons who would ordinarily maintain an emotional balance. Adjustments to new jobs or unemployment, the re-establishment of relationships with returned service men, or concern over rapid developments in the scientific field are all factors that affect men, women and children alike," points out Miss Marshall. Although her lectures are planned specifically for social workers, enrollment in the course is open to all persons interested.

## JOB COUNSELLING FOR VETERANS

Job counselling and pre-vocational training will be brought to the bedside of seriously disabled veterans in the 97 hospitals of the Veterans' Administration in an expansion of the Veterans' Administration's advisement and guidance service. It was announced recently by General Omar N. Bradley, Administrator of Veterans Affairs.

Under the program, experienced Veterans' Administration counselors and advisors will go into the hospital wards and consult with veterans to assist them in mapping plans for future employment. It was explained by H. V. Stirling, Assistant Administrator of Vocational Rehabilitation and Education. When the veteran is not too ill and it is otherwise feasible, it is planned to bring into the hospital wards light work which the men can do in preparation for the future. Such work will be of a type designed to speed their acclimation to full-time, on-the-job training programs after recovery.

upon counselling and giving pre-vocational training to sick and disabled veterans who later will take on-the-job training. The service will also be available to veterans undergoing treatment who plan to continue their education in college and universities after release from the hospital.

## 'ROUND THE TOWN

◆ Mrs. A. L. Block, 544 Oakdale Dr., is leaving this week for a month's visit with relatives at Ontario.

◆ Mrs. W. A. McKinzie, Fort Harrison, Ind., has been a guest at the Evans' home, 397 W. Montecito.

◆ Mrs. Lovetta Pratt having sold her residence on N. Grove, has moved to Vista Circle for temporary residence until building conditions improve when she will build on the Carter Ave. site.

## The frog TALKS about ROBERTS MARKET and Things!

When you see a man in woe, Walk right up and say "Hullo," Say "Hullo" and "How d'ye do, How's the world a usin' you?" —Foss.

MINE IS A SEDENTARY LIFE, tied as I am to this job of supervising POP's vegetable department. But I have good eyes and keen ears, and not much that goes on in our big, little store escapes me. Of course, January and February are comparatively dull months in my department—sort of an in-between period you might say for California fruits and vegetables. Still, I am frequently surprised, and probably you are too, at the variety we are able to offer in mid-winter.

THE TOMATOES, MEXICO-GROWN, are not up to snuff. But before long we will have those delicious Imperial Valley tomatoes which are, I think, the best-flavored of any that are grown anywhere. Incidentally, the tomato is one of the few vegetables native to North America.

ALL PEARS AND APPLES are coming out of cold storage now, and while the flavor may not be as good as during mid-season, they are crisp, juicy and tasty. The apple is the oldest known fruit. Remember Adam and Eve? The first orchard in the United States was planted by missionary fathers in what is now Central New Mexico. The seeds were then carried to the Northwest and Canada, while early settlers introduced apples into Massachusetts and Virginia. Jonathan Chapman (Johnny Applesseed) won undying fame by scattering seeds over a large mid-western area. We now have Delicious, Ortley, Rome Beauty and Pippin apples in stock—and all GOOD. Keep the doctor away!

THE GROCERY SHELVES ARE almost overflowing with almost everything you can want. Raisins, oils, shortening, margarine, butter produce the only serious headaches, according to CURLY and the GANG. After all, when you try to serve three times as many customers on quotas established three years ago, you can't make the thing balance. Oh, well!

BY THE WAY, MOM IN-STRUCTS me to tell you that we have a fine variety of shelled nuts. Now I don't like to tell my own business of nuts-in-the-shell, but orders is orders. Anyway, the grocery department has West Indian Cashew nuts, South American Brazil nuts, large Texas Pecan halves, fancy California Walnut halves, I. X. L. California Almonds and Peanuts from the deep South. Blanched or unblanched, salted or unsalted, we have them. We buy them carefully and frequently, so that they are always fresh, and pack them ourselves in cellophane bags for you. Larger quantities are available to you also at a reduction in price. We have customers who buy pecans and cashews 5 and 10 pounds at a time. I reluctantly admit that it seems like a smart "deal" for you! You save the time wasted in shelling, and you can see the quality before you buy.

## FROM NUTS TO THIS:

Return your milk bottles—  
 Sell your waste fats to the butcher—  
 Take your old clothing to the City Hall.

I complained because I had no shoes  
 Until I met a man who had no feet.

—Persian Proverb.

Vaya con Dios!

THE GREEN FROG.

## "Know-how"

## ELECTRICAL SERVICE

Gathering "know-how" is a continuing process. Edison has been adding to its electrical "know-how" for more than 50 years. Every year in the history of the Edison Company has its record of some outstanding development of electric generation, transmission and distribution service.

The engineering and construction tasks that made these advances possible were revolutionary and tremendous—free enterprise jobs. As its territory has grown, so has the company expanded its service to provide the electrical strength for community development.

Ninety-three thousand stockholders and 3,500 employees are this "company" of electrical service owners and operators.

RAGGED overalls and a shirt that falls off his shoulders offer little protection to this barefoot urchin in Greece. He was not among the fortunate twenty-five million who received clothing from the American spring drive. Help others like him by giving clothing to the Victory Clothing Collection for overseas relief.

## FIRE FLAMES

Even though we have what is termed a "volunteer fire department," there is a certain amount of very expensive materials and equipment needed to retain adequate efficiency. Our old truck known as "Old Snort" was brought back from Los Angeles last Wednesday by Ray Penn, Bill Chinn and Jim Hiesley after having had a booster brake arrangement attached. This is a long and much needed improvement for this rig. Because the truck was minus a windshield (which will eventually also be added.) Ray found a heavy fireman's coat and till claimed wind was cold, while Bill Chinn rolled up his sleeves and suffered from the heat. He's a hard man this guy Bill. Much adjustment will be needed when the truck is loaded to capacity. Other improvements for this most famous truck will be a nice new paint job. Just when this will be done is according to when a painter can be located who will undertake the job. This done, hose will again be loaded and we will have another trusty truck and pumper, none of which is superfluous. Fire trucks are emergency vehicles. It is much better for everybody if they are not used for fighting fire. If we are successful in preventing fires, they will not be used—but—when they ARE needed, they are needed badly. Our success in preventing fires by careful adherence to rules and our rigid vigilance has well proven their worth. We, as firemen, sincerely hope for another year such as the past. Considering the size of "town" that record is hard to beat and we do not hesitate in the least to "blow our horns" just a little.

At the meeting this Friday, nominations of officers will take place for the annual election of Chief, Secretary and Treasurer, which will be held at the first meeting in February. Three officers of the department are elective. None other than twenty active members are voters. The present officers are Jim Heasley, Chief; Joe Swanson, Secretary and Charles Brown, Treasurer.

There were few if any of the regular and auxiliary firemen who failed to appear at the recent night fire, regardless of the cold night. Many fellows were already in bed and asleep. (According to their stories.)

It is always interesting to observe the many types of night fire "get up" of firemen and spectators. There are those who evidently enjoy night life for their dress tells that they have not been home. There are those who wouldn't miss a fire if they had to get there in the nude and

sometimes nearly make it. Then there are those who must certainly have a particular outfit ready at the bedside for it is easy to see that it is just pulled over sleeping togs. Sometimes a button or two escaped the nervous and excited fingers at the sound of the horn, but not much attention is paid to that until after the fire is out. It is really amazing to learn that some of the quietest people wear the loudest pajamas.

To hear people of sound judgment and observation praise us, is really very encouraging. There are so many who are ever ready to criticize in a ruthless manner that when such a fellow as Frank Spencer brings a word of good cheer, we know there must be something to it. Frank attends all fires and is ever ready to assist when needed, and always stays and looks things over. He is one of our best critics who tells what he thinks. It is so common to hear those who stand by and who seem to get so much fun out of making light of the ef-

forts of the firemen. It is so wherever you go. Even big City firemen do not escape this to be expected disparaging scoff. It is so easy to belittle.

A large representation from Sierra Madre attended the S.G.V.F.A. installation held in Covina last night (Wednesday). Covina vies with Sierra Madre in being attractive to this organization. Many were there. The ground is still damp from the recent rains. BUT—please don't take chances with a large outdoor fire. A fire beneath the mountain brush could develop very rapidly into a fire that would show no signs of having had rain. Let's keep the FIRES OUT.

## MIDGET WASHING MACHINE

Midget washing machines especially designed for apartment dwellers are being made by a California manufacturer of aircraft parts, turning to civilian goods to keep his workers employed. Priced at \$30, the washers weigh 18 pounds and will be coming out in 10,000-lots a month.

◆ The mothers of the Parent Educational Discussion Group are urged to attend the meeting this evening at the Pasadena Main Library. It is hoped that enough mothers will be represented so that the Monday session in Sierra Madre may be kept and not lost to another city.

◆ The Adolph Sanchez family has moved from Altadena to 555 W. Highland.

◆ Marshall Ames who has been visiting his mother, Mrs. Charles Roger Howell since returning from the Pacific, left Wednesday for a two months' vacation with friends in the ranch country at Grass Valley.

**SERVED ON MANY SHIPS OF U.S. NAVY SINCE '42**

Wallace Andrew Terrill has returned to his home at 345 Foot-hill Ave. after three years' service in the U.S. Navy. He received his discharge last Wednesday after serving on the U.S.S. Natchez, U.S.S. Ligersey, U.S.S. Briareus, U.S.S. New York and at the Naval Air Station at San Diego. He was awarded the Victory Medal WW II, Asiatic Pacific Area, American Area and Good Conduct. Mr. Terrill is the son of Mrs. Minnie Terrill of Santa Monica.

**CONGRATULATIONS**  
Mr. and Mrs. Maurice Perkins of 50 East Laurel are receiving congratulations on the arrival of a baby daughter born yesterday morning at the Huntington Memorial Hospital. Their daughter, Kathleen Perkins, is elated with having a baby sister for her 7th birthday. Kathleen's birthday is also January 23rd.

Mr. Perkins is in the Naval Hospital, Santa Marguerita at Camp Pendleton.

Born to Mr. and Mrs. John Riley, 90 South Michillinda Avenue, Jan. 16, at St. Luke Hospital, a son.

Born to Mr. and Mrs. Billy McElfresh, 41 North Mountain Trail, Jan. 16, at St. Luke Hospital, a daughter.

Born to Mr. and Mrs. Oliver Abraham, 576 Manzanita Street, Jan. 16, at St. Luke Hospital, a son.

◆ A son was born to Mr. and Mrs. Philip Weston Senour at Juneau, Alaska, yesterday, January 23. He has been named Philip Daniel. Mrs. Senour was the former Ruth Wheeling.

## BLUEBIRDS ENTERTAIN MOTHERS AND GUESTS

Mrs. W. S. Hall, well known authority on Flower Arrangement, was the honored guest and speaker at a Bluebird Tea given at the school cafeteria, January 16. She spoke of Flowers, their care and arrangement, demonstrating the simple triangular arrangement with roses and poinsettias. She brought with her a beautiful exhibit of several types of art; Japanese, Dramatic, Victorian and others.

Mrs. Hjordis Parker and her group were the hostesses. Other Bluebird and Camp Fire groups and Mothers were invited. Before the talk, Camp Fire girls sang as well as the Bluebirds. With punch for the girls and delicious cakes and cookies made by Mrs. Parker's Bluebird mothers were served.

Among the guests were: Miss J. McClure, Camp Fire field representative; Mrs. Gretchen Newberry, Committee Chairman; leaders, Mrs. Lucy Young, Mrs. Betty Maltby, Mrs. Helen Borbas and Miss Joan Maltby, and the mothers of the girls.

## CONSENSORS HOLD FIRST MEETING OF THE YEAR

The Consensors held their first meeting of the year Tuesday evening, January 22nd at the home of Katherine Lukas, 874 E. Sierra Madre Blvd. Lewis George, Sunday School Superintendent of the Congregational Church was the speaker of the evening. His subject was "Needs of the Sunday School."

Plans are made for the coming year. The community can look forward to several activities sponsored by the Consensors.

Three new members were accepted, Mrs. P. Griffiths, Mr. J. Douglas, Miss D. Edgeworth.

## FLORENCE EAKMAN AFTERNOON

The Listening Section of the Pasadena Tuesday musicale which met yesterday with Mrs. Louis Richardson of San Marino Ave., honored Mrs. Florence Eakman. It was known as the Florence Eakman afternoon.

Mrs. Dale Tussing read from Mrs. Eakman's "Meadow Magic" and "Lyrics in the Rain." The group of 30 ladies were very appreciative and characterized Mrs. Eakman's work as enchanting, unusually beautiful, and were eager to hear more from the same source.

## Information as to Income Tax Returns for Servicemen

"Members of the armed forces are subject to Federal income tax laws the same as civilians even though they are given the benefit of many special allowances and exemptions," Collector of Internal Revenue Harry C. Westover declared today.

"If they are required to file returns, servicemen inside the continental limits of the United States must do so on or before March 15. The due date for personnel outside continental United States is the 15th day of the sixth month following return to the U.S., provided such return was any time after January 1, 1945. Those who came back before that date were allowed approximately four months to file.

"The wife of a serviceman overseas must file a return by the normal due date reporting one-half of the total community gross income and claiming credit for one-half of the total withholdings, provided she received at least \$1200 during the year. She may, however, reserve the right to file a joint return with her husband after he comes back to this country. If she constructively received less than \$1200 in the year, she need not file until her husband returns.

"Perhaps the most drastic change in the present revenue law declares that all active service pay of members below the rank of commissioned officers or commissioned warrant officers is exempt from income tax," Westover stated. "This exemption goes back to January 1, 1941.

"Commissioned officers, including commissioned warrant officers, are exempt on the first \$1500 of active service military pay received in any one year. This exemption goes back to January 1, 1943.

"Under these provisions," Westover pointed out, "non-commissioned servicemen need not account for any active service pay and must file returns only if their civilian income exceeded their personal exemptions.

"Any enlisted man who paid taxes for the years 1941 and 1942 on active service pay received in those years should file a claim for refund not later than December 31 of this year.

"Taxes collected on service pay of an enlisted man during those years will be refunded upon application even though he later became a commissioned officer.

"Commissioned officers, including commissioned warrant officers, must file returns if the excess of their active service pay over \$1500, plus their civilian income, exceeded their personal exemptions.

"Personal exemptions for 1941 were \$750 if single and \$1500 if married; for 1942 and 1943 \$500 if single and \$1200 if married; for 1944 and 1945 \$500 if single and \$1000 if married. Anyone who had to file a 1942 return is automatically required to file for 1943 regardless of the amount of income in the latter year. This rule is peculiar to these two years and does not affect the other years."

## Gay Plaid Housecoat Is Money Saver That Helps Woman Buy Victory Bond

Be cozy on cold mornings and evenings at home in a red and green housecoat of warm wool plaid. This style has quaint Victorian flavor in the snugly fitted bodice, full-gathered skirt and dainty eyelet-embroidered ruffling threaded with ribbon. It buttons down the front with plaid covered buttons. Made at home, it will afford extra dollars for a Victory Bond. Patterns available at local pattern counters.

**SHORT CUT**—"Knit one sweater and then two extra sleeves and you have two whole new sweaters," says Charlotte Manson, NBC actress of "Road to Life." The trick short cut is to crochet button holes on the sleeves and sew buttons on the sweater armholes to correspond. Then you just button the sleeves onto the sweater. Charlotte has a matching skirt for both sweater and contrasting sleeves and two real costumes are the result. This combination is beige and brown.

## Peasant Design—And More Bonds

Peasant styles, popular for summer wear, have been dressed up for the winter season. The brown jersey blouse has a low drawstring neckline and slit dropped shoulders. Similar patterns at local stores. Buy Victory Bonds with the money saved.

U. S. Treasury Department

Property owners in Southern California were urged today by the Federal Housing Administration to co-operate with FHA in obtaining maximum use of existing structures to help relieve the housing shortage, especially for returning veterans.

The FHA, in a move designed to provide additional living accommodations for returning veterans, will resume insuring property improvement and rehabilitation loans on more convenient terms.

**SILHOUETTE**—The popular singer of NBC's "Dinah Shore's Open House" program has a figure that does well by clothes. And that's why Miss Shore always accentuates the importance of the silhouette when she selects a dress. This red crepe with its harem draped skirt, tiny waist and altogether lovely lines has red bugle beads on the long sleeves as its only accent. Howard Greer designed it.

## QUOTES OF THE WEEK

"I was the worst fullback the Naval Academy ever had!"—Fleet Admiral Halsey.

"It's beneath the dignity of the Senate."—Sen. Wherry, Neb., protesting naughty word "d—n" in floor debate.

"The bogey of inflation can be quickly dissipated by maximum production under conditions of real competition."—Pres. Ira Mosher, Natl. Association of Manufacturers.

"America's strength should not be allied with any predatory ideology."—Gen. Pat Hurley, resigning as Ambassador to China.

"Privileges and responsibilities should go hand in hand. If labor is given further rights, corresponding duties should be imposed."—Rep. Ed Gossett, Texas.

"I'm Discharged, Deloused, Delighted!"—GI's wire to folks back home.

## WINTER FARE

When cold winds whip appetites to a ravenous peak, the hearty foods of our New England ancestors are made to order. On their tables were found bowls of rippling hot oyster stew, pots of beans baked with molasses, tempting brown bread, and hot gingerbread.

Rainy winter days call for warm spicy foods to take the chill from one's bones. Here are some dishes that will bring cheer to all members of the family.

**OYSTER STEW**  
1/4 c. margarine  
1 pt. oysters with liquor  
1 c. milk  
1/2 c. cream  
1/2 tsp. salt  
1/4 tsp. pepper or paprika  
2 tbsp. chopped parsley

Melt margarine in top of double boiler. Add oysters and liquor and bring to the boiling point but do not boil. Stir in milk, cream, and seasonings. Place pan over boiling water. When oysters rise to the surface add 2 tbsp. of parsley. Serves 4.

**BAKED BEANS**  
2 c. navy beans  
1/2 tsp. ginger  
1 c. tomato sauce  
1 tsp. dry mustard  
2 tbsp. molasses  
1/2 lb. salt pork or bacon  
1 tsp. salt

Sunk beans for several hours. Parboil gently in the same water for 30 to 40 minutes. Do not over-cook or they will become mushy when baked. Cut meat in three portions. Arrange beans, meat and seasoning in layers in bean far. Add water in which beans were boiled to come within one inch of top of beans. Cover; place in oven and bake for 3 to 5 hours at 250° F. A heavy jar or crock with a tight-fitting cover will give best results. The beans may be uncovered to brown the last hour of baking. Serves 6 to 8.

**STEAMED BROWN BREAD**  
1 1/4 c. sour milk  
1/4 c. molasses  
1 tsp. salt  
1 1/2 tsp. double-action baking powder  
1 1/4 tsp. soda  
2 c. graham flour  
1 c. cornmeal  
1/2 c. seeded raisins (optional)

Into a mixing bowl add sour milk and molasses. Add salt, baking powder and soda to flour and cornmeal. Stir raisins into dry mixture and combine with liquid. Beat well. Turn into well-oiled molds, filling 3/4 full. Set molds in covered container; surround with cold water to depth of 2 or 3 inches. Cover; put in oven with beans. The bread will steam in 3 hours, but the longer cooking improves the flavor. There is little or no evaporation of water when steaming in the oven. Therefore the water supply will not need replenishing.

## CAN YOU ANSWER THIS DRIVING TEST?

Prepared by The Department of Motor Vehicles

These questions are Official and the same you are asked when you apply for your Driver's license. Test your knowledge by marking yes or no in the space at the end of the line. Correct answers printed on Page 8.

1. If you have an accident that cause property damage or personal injury and you fail to stop, may you be charged with hit-and-run?

2. May you legally stop at a red curb long enough to get out and mail a letter?

3. Must your car have two headlights and one tail light lighted whenever you drive at night?

4. May you cross to the left side of the highway to pass another car if there is plenty of clear straight road ahead and no double line divides the highway?

5. Must you signal your turns even when there are no cars behind you, if cars are coming toward you from the sides or in front?

6. Are you breaking the law and making an accident possible if you cut the corners on your left turns?

## Attends University At Famous French Seaside Town

BIARRITZ, France.—S/Sgt. Howard G. Melges, 509 W. Sierra Madre Blvd., Sierra Madre, is a student at the Biarritz American University, the G.I. college at the famous seaside town in southwestern France, participating in the education program in the European theatre.

He is representing the 66th Regiment, 71st Division, at the Army's University Center, where he will remain eight weeks, attending three classes a day, and generally preparing himself for return to civilian life. Many of the students are continuing interrupted university work while others are beginning their higher education for the first time. At Biarritz, with a staff of more than 150 university professors on leave from American schools, they can well undertake such work. The only prerequisite to attend the University is a high school diploma.

The Biarritz center is the only school in Europe, those at Florence, Italy, and Shrinham, England, having been closed. It is part of the program headed by Brigadier General Paul W. Thompson, and is under the command of Brigadier General Samuel L. McCroskey. Dr. James G. Umstad, dean of the university, on leave from the University of Chicago, said that "in their post-war program, the Army has for the first time in the history of any Federal agency, set up academic instruction on the university level" without regard for the direct value of such studies to military objectives.

## RECEIVES DISCHARGE ON RETURN FROM ITALY

Sgt. Gene F. Nault, son of Mrs. Clara Nault, 246 Lima, returned to the States from Italy January 1. He served 23 months with the Army 17th Quartermaster Signal Battalion. He was first stationed at the Bomber Air Base at Cairo, Egypt, and later with the base for the 12th and 15th at Foggia, Italy.

Mr. Nault received his military discharge at Ft. MacArthur January 5.

At the end of the third week of the auto union's strike against General Motors, statisticians figured that the workers had lost a total of \$23,884,432.00 in wages. The average auto worker had lost \$162.40, at the average individual wage of \$50.80 a week.

WITH SIERRA MADRE

BOYS AND GIRLS

IN THE SERVICE

Pfc. Jean Vieira has been

transferred from the Medical Department at Fort Knox to one of the Separation Centers in Indiana, so she has written her mother, Mrs. Nellie Vieira, 487 Woodland Dr.

Wedding will Take Place in Church of the Ascension

The Church of the Ascension will be the scene of the Thomas-Shippie wedding a week from

next Sunday, February 3, when Sylvia Shippie and Robert Thomas make their nuptial vows. The marriage will unite two of Sierra Madre's first families, the young people having been friends from childhood. Mr. and Mrs. Shippie are giving a reception at their home on Toyon Rd. immediately following the church ceremony. Lt. Robert Earl Thomas is the son of Mr. and Mrs. Eber Thomas.

CIVIL AIR PATROL SQUAD OPEN FOR ENROLLMENT

The San Gabriel Valley Squadron of the C.A.P., which has been organized at the Monrovia-Arcadia-Duarte high school is still open for enrollment. The adult "Flight" meets in room 1 from 7:15 p.m. to 9:15 p.m. on Monday evenings. There is no charge or requirement for enrollment other than being a citizen of the United States between the ages of 18 and 65. Courses are being given in Air Navigation and Meteorology, to be followed by Civil Air Regulations, third-class radio operators' license, Radio Navigation and others.

Spuds Boom, Chips Fall By Billions

With America's 1945 spud crop second biggest in history—433,000,000 bushels—the potato chip industry is turning out enough to give every U.S. man, woman and child a 2-lb. bag.

The more than 500 manufacturers are using 17,000,000 bushels of spuds to make their chips—and they could make and sell twice over their current 250,000,000-pound output if they could get enough shortening.

FAR CRY FROM KITCHENS

Most of the chip makers, now running big automatic machines that produce up to 500 pounds each hour, are old home-kettle operators who recall when they struggled to get only 25 pounds an hour.

Their story of industry's ingenuity which makes jobs for workers, profits for farmers and low-cost products for people, is typically American.

It was a memorable day in 1863 when the first chip came out of the fat, in a swank Saratoga Springs, N.Y., resort. A fussy diner wanted his French fries thinner—a desperate chef sliced them paper-thin. Some people still call the ultimate result "Saratoga chips."

Only a decade ago a Pennsylvania manufacturer came up with a machine that takes the spuds in at one end—washes, peels, slices, cooks and salts—and turns them out ready for packing at the other.

Mr. Strotz and Bill Stern, who broadcast the Rose Bowl game, left for New York immediately after the Tournament luncheon. Mr. Strotz assured President Charles A. Strutt, Football Chairman, C. H. Reynolds and others present that NBC considers Pasadena's New Year's Day show the tops in the nation and is proud to have a part in the proceedings.

WHEN LIFE BEGINS AT 60!

What if that Russian serum pans out—the one scientists hope may add half a century to the life span by halting, and even reversing, the degenerative processes of middle age? It's lovely to think of losing that middle-age spread, feeling the old blood pressure slide down to normal, and maybe growing a new set of teeth—all from a few shots in the arm? Still, there'd be complications of all sorts!

Smart lawyers would be getting life-termers free on the ground that the extra 50 years wasn't figured in on the original sentence.

It would be disconcerting to smile at a curvaceous blonde and find yourself slapped by grandma grown girl!

On what a spot would be the graybeards who alibi life's failures with the old excuse: "If only I were young again and knew what I know now, I'd show the world!"

And it would take some of us 50 years to get used to rejuvenated couples romantically yodeling "When You and I Were Old, Maggie!"

Saddest thought of all is that the radio pests who torture us with singing commercials would

POLISH war-orphans who have lived without shelter or care for as long as they can remember, smile happily as an UNRRA representative hands out clothing donated by the people of the United States in the nation-wide April clothing collection. Millions of other children overseas need all the protective clothing, shoes and bedding YOU can spare. Give them to the Victory Clothing Collection.

"But since the war is over I didn't think you'd need your uniform any more—so I sent it to the Victory Clothing Collection."

## Television To Show 1948 Rose Parade

Pasadena's Tournament of Roses parade and Rose Bowl football game will be delivered to the nation by television not later than January 1, 1948, Sidney Strotz, vice-president and manager of the National Broadcasting System, told Tournament of Roses officers.

While broadcasters will be in a position to televise the parade and game this coming New Year's Day, and probably will on a small scale, there will be insufficient television receiving sets in the hands of the public to make it worthwhile.

Manufacturers will put 400,000 television receiving sets on the market this year, Mr. Strotz said. "But this number could be sold in New York alone," he added.

A camera has been perfected, the NBC executive declared, that will reproduce the faces of a crowd of 500 persons with the illumination of a single candle.

This invention will solve the television problem now requiring so much illumination.

At the Rose Bowl, television cameras would be placed on both the east and west rims of the bowl. Within five years Mr. Strotz expects that the pageant and game can be dispatched in natural colors.

Mr. Strotz and Bill Stern, who broadcast the Rose Bowl game, left for New York immediately after the Tournament luncheon. Mr. Strotz assured President Charles A. Strutt, Football Chairman, C. H. Reynolds and others present that NBC considers Pasadena's New Year's Day show the tops in the nation and is proud to have a part in the proceedings.

WHEN LIFE BEGINS AT 60!

What if that Russian serum pans out—the one scientists hope may add half a century to the life span by halting, and even reversing, the degenerative processes of middle age? It's lovely to think of losing that middle-age spread, feeling the old blood pressure slide down to normal, and maybe growing a new set of teeth—all from a few shots in the arm? Still, there'd be complications of all sorts!

Smart lawyers would be getting life-termers free on the ground that the extra 50 years wasn't figured in on the original sentence.

It would be disconcerting to smile at a curvaceous blonde and find yourself slapped by grandma grown girl!

On what a spot would be the graybeards who alibi life's failures with the old excuse: "If only I were young again and knew what I know now, I'd show the world!"

And it would take some of us 50 years to get used to rejuvenated couples romantically yodeling "When You and I Were Old, Maggie!"

Saddest thought of all is that the radio pests who torture us with singing commercials would

stay in voice till the year 2000!

Brightest thought is that a lot of arguments could be settled at last. Could Jack Dempsey, rejuvinated, his prize fight with Louis? Could the California Wonder Team of the '20's and the Trojans of '30 take the present West Point team? We'd find out. Most of us, probably, would do just about as we always have—only we'd do it longer. And since life is sweet—Professor Long-life, bring on the needles!

AIR TRAFFIC LAWS

When you take off, a few years hence, for a week-end jaunt in your jet-propelled jalopy, or perhaps in the family helicopter, if you're the cautious type—just what laws will govern your flight and what kind of traffic regulations are you likely to encounter in the stratosphere?

The answer to that question may not be troubling you at the moment, but it is one of the issues, nonetheless, which your legislators have been called upon to grapple with at the special session of the State Legislature, just convened at Sacramento.

## LEGAL NOTICE

CERTIFICATE OF BUSINESS FICTITIOUS FIRM NAME

The undersigned do hereby certify that we are conducting a Refrigeration and Home Appliance Service business at 46 North Lima Street, City of Sierra Madre, County of Los Angeles, State of California, under the fictitious firm name of Refrigeration & Home Appliance Service, and that said firm is composed of the following persons, whose names and addresses are as follows: W. L. Brown, 46 North Lima, Sierra Madre, California; A. A. Brown, 46 North Lima, Sierra Madre, California.

Witness our hands this 7th day of January, 1946. W. L. BROWN, Notary Public in and for said County and State.

On this 7th day of January, A. D. 1946, before me, N. M. MESSEAR, a Notary Public in and for said County and State, residing therein duly commissioned and sworn, personally appeared W. L. Brown and A. A. Brown, known to me to be the persons whose names are subscribed to the within instrument, and acknowledged to me that they executed the same.

In Witness Whereof, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

N. M. MESSEAR, Notary Public in and for said County and State.

(My commission expires May 10, 1946.)

## 1946—FEAST OR FAMINE

Never has a year comparable to 1946, in the extremes of potentiality for either prosperity or depression, challenged America. It is thought-provoking that most economic forecasts are optimistic, yet are sprinkled with qualifying "ifs" and "buts."

Reasons for optimism are obvious and compelling. Never before in this country have so many people had so much money to spend. Never before have so many Americans ardently desired so many goods, luxuries and services beyond the fundamentals of existence. Never has any nation possessed so vast a plant for producing the things people want to buy and can pay for. Never has there been so great a reservoir of investment capital, nor so great a reservoir of skilled labor. Add to all that the happy circumstance that we have most of the raw materials necessary to mass production and mass consumption—and the picture of prosperity is rosy indeed.

The "ifs" and "buts" also are of obvious origin. Through the war, against foreign enemies, Americans united to fight, plan, co-operate—to weld National power into an unconquerable force. Since the war crisis ended, that unity has been loosened. Everyone knows—whatever his personal viewpoint on the causes—that this Nation has not been making the progress it could and should have made in healthy reconversion.

And now? IF the completion of reconversion is not delayed too long, IF the productive capacity of the people is put fully in play before the savings of the people and of the industry are exhausted through the debilitation of slack production and under-consumption—then 1946 may be the greatest year of this century, the harbinger of freedom from want and economic fear in this land.

BUT—if our economic strength is dissipated, if reconversion is held up until savings are exhausted, 1946 may rank with 1929 as the beginning of a long, sad headache for the American people. Nineteen Forty-Six will be what we, the people, make of it!

## SPECIAL LEGISLATIVE SESSION

The special session of the California Legislature can bring forth a lot of good for the State if common sense prevails among the lawmakers. But it can also produce much harm if they allow the pressure groups to hold sway which seem bent on making the State of California the biggest Santa Claus in the Union.

Not only is there a big battle on to "get rid" of the large surplus in the Treasury, but in addition, there are proposals to create a heavy amount of new bonded indebtedness in order to put the State into the lending business on a breath-taking scale.

If the "little R.F.C." measure passes, the State will make direct loans to small business. Help for small business always has a strong political appeal—and the politicians are not unmindful that this is an election year. But does small business need government financial aid? Any business which has reasonable prospects of repaying a loan can borrow from the established lending institutions. Apparently, then, the State would lend to those others which can't repay—and the taxpayer will take the loss.

Another bill which has a strong political flavor is the one which proposes increased State lending to veterans for the purchase of farms and homes. This would be justified except for the fact that the newly liberalized G.I. Bill provides terms so generous that an ex-serviceman can borrow as much as \$20,000 without putting down a cent's worth of his own for collateral. Where then is the need for the State also to lend to veterans?

A leading Californian recently declared, "Americans must be on guard lest . . . State socialism, however disguised, take over." It seems to us that that is just what is trying to take over in Sacramento now. And its disguise is not at all deceiving to the people of California.

## 1946 AUTO LICENSE

The time is getting short for you to obtain your 1946 auto license. February 4 is the deadline and after that you pay a penalty.

Actually, the State isn't issuing a new plate to replace the present one. Instead, when you pay your fee you will receive a small metal tab which is to be bolted over the "45" on the license plate you now have.

Take your "white slip" registration card to the nearest office of the Department of Motor Vehicles, or mail it along with a draft or money order for the amount shown in the lower left corner.

And do it right away. It will greatly help the Motor Vehicle Department and you will avoid the danger of forgetting it and then having to pay a penalty.

## IMPATIENT G.I.'S

Demands made by American troops that they be sent home—but quick, apparently stem from something more than homesickness or the desire to gripe. The charge is made repeatedly that some Army officers are deliberately preventing men under their command from being returned to the States since the official rank of those officers will be reduced as the number of their troops is reduced. How accurate these reports are or to what extent such a practice is being carried on cannot be determined easily, but Congress should insist on an impartial investigation of the charges so that they either can be confirmed and corrected, or proved untrue. The Army is faced with a problem of keeping troops contented who are still needed for overseas duty. But it should at least convince them that they are needed where they are now stationed. If the Army can't do this it had better bring them home—and quick.

## RADIOS

The new radios which we have examined show the beneficial effects of careful development work going during the past several years, but delivery of the new machines is slow and we are advised that a number of months will elapse before they are available in satisfying numbers.

## REPAIRS

We have associated with us an expert radio technician giving all of his time to reconditioning radios and we suggest that you maintain your present electrical equipment in good condition until deliveries are speeded up.

## DO YOU RECALL?

March 17, 1888

From Sierra Madre Vista  
Early History of Sierra Madre

This is the first issue of the Vista and the entire front page is taken up with a write-up of beautiful Sierra Madre, history of its settlement and development. It says in part: N. C. Carter, the god-father of Sierra Madre, stood first at its christening, and thus far, stands first in its history. Sierra Madre is a scion of the world-famous Santa Anita Rancho, owned by the no-less famous E. J. Baldwin, several-times millionaire pioneer of California.

In Feb. 1881, Mr. Carter purchased 1,100 acres of the choicest portion of the Rancho, in its original wild state, a tract sloping from the mountains gently to the south, partially covered by magnificent oak trees, backed by numerous springs and streams of purest water.

It was divided into 20.40 and 80 acre tracts and placed on the market at \$50 and \$65 an acre. Pioneer settlers were Messrs. John Richardson, James Smith, Mr. Bailey, and their families. The first purchaser was A. D. Trussell. Later A. Gregory, Miss Fannie H. Hawks, Messrs. Burlingame, Cook, Hosmer, Pierce, White, Rowland, Clements, Seaman, Spidling, Brewster, and others came to transform the wilds to an ideal home. A school house was built and donated by Mr. Carter and he built the Ocean View House, which Mr. Richardson managed as a health resort. Then came Mrs. C. B. Jones, former supt. of schools at L. A. Prof. Hart, musician; W. B. Crisp, business man, Mr. Andrews, hardware man, Mr. Robinson, postmaster and store keeper, Messrs. Wilson, Hook, Jones and Hilton.

March 7, 1883, the first marriage, Miss Winona Trussell and E. B. Jones. 25 new cottages were erected in 1883. In 1884 the school house at cost of \$3,000. Next came Dr. Gresham and a little later Mr. Steinberger, a pillar of business enterprise and possessor of an elegant home on Central Ave. Messrs. Ayles, Lewis, Davis are still residents. In 1885 Mrs. R. E. Ross built and donated the largest, handsomest and best equipped library in the state outside of L. A. The Town Hall was built by public-spirited citizens at a cost of \$5,000.

In June 1886 the Santa Fe Ry. was finished to Sierra Madre, and the road completed which makes us neighbors to all the world. Side tracks and handsome depot buildings will be built.

In 1886 the boom started. N. H. Hosmer took the lead in subdividing and demand for lots came so fast, larger ones were cut up. Carteria, the home of N. C. Carter, is a palace and has many times been described to the world. It has the finest location in California, on the mountain side commanding a view to the ocean. No dust, no fog, windstorms or excessive heat nor snows, but its surroundings are ethereal always. This magnificent home is the crown of the valley.

January 24, 1908

"Teddy" Roosevelt Sets Aside  
Forest Reserve Here.  
Park Commission Appointed

The Trustees appointed Mrs. J. A. Osgood, Mrs. E. W. Camp and Mayor C. W. Jones as members of the City Park Commission. Pres. Roosevelt has set aside 100 square miles of land as an addition to the San Gabriel Forest Reserve. The new additions extend the reserve to the foot of the mountains, or to the city limits of Sierra Madre and other foothill towns along the San Gabriel Valley.

Forest Ranger George Crow has been busy with a force of men clearing a 60 ft. fire break through the range along the Sturtevant Trail. The work is now completed to Santa Oline and a mile across Monrovia hill. After the disastrous fires by which the mountains were almost denuded of timber, every precaution will be taken to protect the new growth. Heavy timber in these mountains would mean millions of additional wealth to this section.

The Priscillas held a dance at the Town Hall Thursday evening. In receiving line were Meses. E. W. Camp, Henszey, C. E. Benham, L. H. Stevenson and Miss Edith Blumer.

Miss Anita Carter entertained Mrs. Henszey Mrs. Philip Carter, Mrs. Camp, Misses Edith Blumer and Gladys Humphries at a tennis tea.

While driving home from Arcadia Monday night Geo. E. Puvias was attacked and nearly killed by thugs.

Mrs. Frances B. Coffey died at her residence on LaBelle Ave. She was born in Louisville, Ky., Dec. 31, 1836, and was the mother of eight children, five of whom survive her. Services were held by the Rector of the Church of the Ascension at the funeral parlors of Reynolds & Van Nuys. Mrs. Edith Hawthurst sang.

Miss T. H. Graham of Pine-wood, Tenn., with two children of a brother from Louisiana, have recently arrived in Sierra Madre and taken the Pinney cottage on Lima. They intend to make their home here.

Someone appropriated a quantity of underwear from J. J. Graham's clothes line. It happened while Mr. Graham was at prayer meeting. No moral drawn.

January 23, 1931

By a vote of 4 to 1 the Supervisors denied Sierra Madre Villa residents petition to withdraw from this school district and join Pasadena. The supervisors accepted the arguments of Sierra Madre that it would be inequitable.

## STILL THE BEST ROAD

## AROUND AND ABOUT

By EDWARD LLOYD VOORHEES

THE EMERALD ISLE—Man of Galway. The substance of what the man by the lamp-post said was, "Good evening to you, sor," and then noting my speech and my foreign clothes, he asked in a friendly, child-like way, "From what part of the worrald do you come, sor?"

When I told him, he seemed highly gratified. "It's two of me own sons are in America!" he exclaimed, adding with true Irish relevance, "Let us go into you baer (bar) and have a drink together." This we proceeded forthwith to do, and thus I began my acquaintance with Tom Burke, deep-sea diver of Galway. He was a rollicking, jolly fellow of enormous size, infinite good nature and cheerfulness, in spite of the fact he was at present without work and with some remnants of a family to support, including a wife. All this came out naturally in bits of conversation and not as a hard-luck story, and under the circumstances I naturally insisted on standing the treat. He then proposed that if I had the time he would show me some

places of interest about the town. We started out, and all during the long misty twilight and dusk we walked about the town, and always Tom Burke's comments and remarks were engaging in their content and spoken with that peculiar sing-song lilt that he seemed to everything he said. Apparently he was a true native of the West, for his pronunciation had peculiarities I had noted nowhere else in Ireland. Three I made written note of at the time were "babby" for baby, "tye" for toy, and "baer" for bar. Passing one of the great square stone houses with central gateway opening into a court in the Spanish manner—a fairly plentiful style in Galway, evidently going back to the days of the Spanish Armada and before—Tom Burke pointed to the stone window above the main entrance and said, "And that's the windy where the Judge had his own babby hung." I referred to the incident in which Judge James Lynch Fitzstephen, who was mayor of Galway in 1493, is said to have executed his

own son after sentencing him for the murder of a Spaniard, carrying out the sentence by his own hand to prove his impartiality as a magistrate. According to the story, the place of execution was the second-story window of his own house, ever since known as "Lynch's Castle," and the episode is one of the several explanations of the origin of the term "Lynch Law."

As we passed the famous church of St. Nicholas, which has stood in Galway since 1320, Tom Burke pointed out in the twilight several curious things about the old church, including "the unroofed chapel"—which, he added, lowering his voice, "cannot be roofed—for it would be off again in the morning." When I asked "Why?" he replied, simply, and almost in a whisper, "I can't tell ve, but it would. It's something about the 'babby' that was saved from the burning castle by a monkey—though precise details were lacking. He also told me a dark one, deeply steeped in folklore, about the contractor who while building Galway-Claire Abbey became jealous of an assistant and tried to get him discharged by the Abbot by secretly 'drawing' a two-tailed cat on his (the assistant's) work while he (the assistant) was eating his dinner." But the Abbot resented the insult to the assistant and turned the tables by giving him the contractor's job. About this time we passed two Irish girls, both, he told me, from America. In a rather familiar and jocular tone he made a remark to them which I did not catch, and then remarked to me that there were very few girls in the town and that only a wink from a girl on the street gave a man the right to follow her.

He wanted to show me his deep-sea outfit, of which he was obviously very proud. However, it evidently belonged to the Port or the City and was locked up at the docks, but he said we could see it through the window. On the way he pointed out a fine schooner rotting at the docks from the lack of money to make her seaworthy. The owner needed \$1400, he said, and added, "But he couldn't find 1400 shillings." He was glad his own two older sons were in America and doing well—one in East Walpole Massachusetts, the other in Chicago. Wonderful letters they wrote about the life in America.

We had now reached a long, low storehouse at the docks and looking through the window he pointed out to me the diving suit—a great metal helmet and body of rubber. And then out came the

Continued from page six

able to permit the withdrawal of that amount of assessable property and throw the full burden of retiring the bonds of the new school house on the remaining property holders. J. O. Smith, president of local school board, argued the case. The assessed valuation of the district that wished to secede was above \$180,000. Granting of the Villa's application would probably have been followed by similar applications from adjoining large ranch properties, with the possibility

that more than a million dollars of property pledged to pay for the school building would have been released from obligation.

Rev. Wm. Ogg was unanimously re-elected pastor of Bethany church and enters upon his fourth year here. W. A. Evans was chosen secretary; Edward DeLong and W. J. Ladd, trustees; Andrew Lefring, Wm. Montgomery, Jas. Laidlaw, elders; F. D. R. Moore, deacon; J. R. Evans, clerk; Mrs. Evans, cor. sec.; Frank E. Gibson, treas.; Roy Edwards, S. S. supt.

Two continents hear of Sierra Madre when Oscar Rasbach, composer-pianist, accompanied by Janet Stevenson Wood, soprano, broadcast on a program, featuring Dr. Einstein.

"Are You a Mason?" will be presented by the Community Players. The cast includes Bert M. Finlayson, Gus Riberd, J. N. Hawkes, R. C. Caulkin, Ben S. Stinman, Hans Seifert, Geo. Cox, Ethel N. Hawks, Virginia Berry, Catherine Sinnott, Edith Hawks, Netta Finlayson, Lee S. High, Mary Gay.

A fire-fighting exhibition with the new \$14,000 piece of equipment will be given by the firemen this evening at Central and Baldwin.

This city is given publicity in a sketch of one of its colony of writers, James Lockett Hill, Bella Vista Court, in Argosy magazine. His stories are appearing in Short Stories, Sport Stories, West and others. In describing Sierra Madre Mr. Hill wrote, "The most beautiful little city in the world, nestled in the hills, away from all noise and jangle."

Dr. Lindley Eddy passed away at her home, 359 N. Grove, after a short illness. She with her husband had lived here 10 years. They operated an art studio on N. Baldwin where the present Edison Bldg. is. Mr. Eddy is official photographer of Sequia National Park.

Kiwanis club will celebrate Charter Night, organized four years ago. Chas Klunk will give the main address. Piano selections by Gus Riberd. Stunts directed by Vint Flemming and "Cootie" games in charge of Frank Spencer. R. C. Copenhaver referee of log-nailing contest by the ladies. Old fashioned spelling bee in charge of Dr. Woehler.

Presence of mind of Mrs. R. O. Caulkin and daughter Cricket prevented a serious fire at their home, 497 W. Grand View from an overheated chimney.

Chamber of Commerce adopts resolution of regrets at the resignation of Mayor Albert S. Myers and commending his fine work to the city, especially his invaluable services in adjusting the water allocation.

curious tale. Until the time of "the Trouble" Tom Burke had been the deep-sea diver for the port. But during the Sinn Fein rebellion, he had been suspected of giving the keys of the ammunition room to the rebels, and had fled for his life. While he was a refugee in hiding, "they" had shot his young boy, he said, for refusing to tell his father's whereabouts and had "jumped on" his little girl of about eight, who later died. Finally, he was found in his hiding place and led out with six others to be shot. But at the last moment he was given a reprieve by the Chief Magistrate, whose wife recognized in Tom Burke the man who had saved herself and her small son from being thrown into the sea from the back of their Galway pony which had become frightened and unmanageable one day on the dock. "Were the others shot?" I asked. "Yes," he said, "and myself was sent back to prison, and when the Trouble was quieted they let me go. . . . There is little more divin' now these last years, but 'he added with a touch of pride, 'if any is done, it's me-self does it."

## SHELL CORPORATION TO INCREASE OUTPUT

Shell Chemical Corporation will spend more than \$1,000,000 this year on an expansion program designed to double the output of ammonia and ammonium sulfate at Shell Point, near Pittsburg, Calif.

In operation since 1931, the Shell Point ammonia plant is by far the largest in the West and has provided a major portion of the nitrogen plant food used in Western agriculture.

## LOS ANGELES COUNTY BIRTHS REACH AN ALL-TIME HIGH IN 1945

Los Angeles County births are on the up-swing again, according to 1945 reports just completed for the Los Angeles county

health department jurisdiction of the division of vital statistics. An all-time high of 28,093 births were registered in 1945 as against 27,472 in 1944, and 27,561 in 1943.

Population increases via the baby census topped deaths in the county health department area last year by 133 per cent. Deaths reported in 1945 were 12,350, 12,101 in 1944 and 11,703 in 1943.

## COMING SOON.. "THE HARVEY GIRLS"

MGM's musical romance in Technicolor

Epic of a famous Eating Place! Hearts, Heroism and Happiness in a Harvey House! When the Santa Fe, back in the last century, pushed its rails on out through the West, Fred Harvey followed with "civilized" eating places along the railroad. Waitresses were ladies. Food was good. Harvey Houses along the Santa Fe became a national institution.

Stir up the Harvey House Girls serving beefsteak and coffee in a wild and woolly frontier town, add a handsome Western hero and a crooked Western political boss, season with seven hit songs, including that toot-toot-tootest hit, "On the Atchison, Topeka and The Santa Fe," produce it under famous MGM producers, wrap it all up in Technicolor and you have something!

You met her in St. Louis. She made your heart ticktock in "The Clock." Now she'll put your hair in curls in "The Harvey Girls." Who-o-o? Nobody but Judy Garland. Never such a song for Judy to sing as "On the Atchison, Topeka and The Santa Fe." Never such a part for Judy to play. She carries coffee—sings songs. She curbs crime. She rates romance—and she hog-ties her hero as the lights go up.

### Winningest cast of the West:

Along with Judy you get He-Man JOHN HODIAK. PRESTON FOSTER as the vicious villain. Find-of-the-year ANGELA LANSDOWN. RAY BOLGER with the frisky feet. Dead Pan VIRGINIA O'BRIEN. Those comical cutups, MARJORIE MAIN and CHILL WILLS. And KENNY BAKER, back in pictures, fresh from Broadway and radio successes. But that's not all. You get seven singable songs by JOHNNY MERCER and HARRY WARREN, including that Hit of Hits, "On the Atchison, Topeka and The Santa Fe." You get direction and production by MGM's famous George Sidney and Arthur Freed. And all in Technicolor.

Historically "The Harvey Girls" grew up with Santa Fe. Our railroad and their eating houses pushed through the Southwest and West when towns were scarce, times were tough, and a Colt's 45 was a man's standard equipment. Today, the 70-year-old Fred Harvey company—which has been under the management of the same Harvey family for three generations—operates Santa Fe dining cars and the Fred Harvey hotels and restaurants located along the railroad.

"The Harvey Girls" is a delightful and wholesome entertainment the entire family will enjoy. Watch your newspapers for announcement on when "The Harvey Girls" will be in town.

## Beautiful Samovars Dominate Tables at Woman's Club Russian Program-Tea

Each program at the Woman's club this year seems to be the best. Yesterday's Russian tea, exhibit and program was truly one of the outstanding events in club circles.

The dancers appeared in the most interesting costumes of their native land. Tamara Lawb and Lola Bell interpreted several dances of the Ukrainian Court and Slav rhythm. Madam Tamara Svirskaya was the accompanist and gave a group of Chopin numbers. Madam Svirskaya was the famous accompanist of danseuse Anne Pavlova.

The tea was served from three beautiful samovars provided by Mrs. Bruce McGill, Mrs. Milton Steinberger and Mary Bran. Mrs. Steinberger was the donor of the imported Russian tea which was enjoyed so much.

### THE PRICE

Continued from page one  
how much the clothing and bedding is needed talk with your neighbor service man who has recently returned from Europe or China, he will tell you the suffering he has seen with his own eyes.

Words are not enough, but friendly messages, along with clothing gifts, can ease troubled spirits, revive hope, and build good will. Therefore, each donor is urged to take time to write a note to the unknown sufferer overseas who will receive the gift, and to attach the note to the garment.

To quote from a typical heart-breaking appeal is this letter from a literary family in France, reading:

"The nicest thing you could do would be to send me all the old clothes you can spare as I know how to sew for myself and my daughter. I can use any dress—evening or daytime—and make new ones from it. With felt hats, I can make house slippers. The men are always the most unfortunate and I assure you that the suits your father or brother no longer wear would give us great service. This is to say that the lack of cloth of any kind is simply frightful."

"If you have old shoes they would give us great service because we are walking about in wooden shoes and they are terribly thing, and bruise and rub our feet."

ONE STICK OF WOOD EACH EVENING AT 5:00

"Winter clothes are what we need the most, anything warm. Woolen socks, if you have them—warm coats, suits are almost in rags, but we still wear them. As I am allowed to burn only one stick of wood each evening at 5:00 o'clock, you can understand that we are freezing in our tracks! What a nightmare is a winter without fire! Even hunger, with which we are too well acquainted, is nothing in comparison to the cold."

### PACIFIC ELECTRIC CO. CITED FOR VITAL HELP IN WINNING THE WAR

Pacific Electric Railway has been cited for performance of outstanding service in the prosecution and fulfillment of its assignments in connection with World War II activities of Los Angeles Port of Embarkation by Brigadier General J. K. Herbert, Commanding Officer of the Army Transportation Corps installation.

A distinguished service citation has also been received by Pacific Electric Railway for its part in the war effort from J. M. Johnson, Director of the Office of Defense Transportation, on behalf of the Honorable Harry S. Truman, President of the United States.

### JAPANESE-AMERICANS ON RELIEF IN COUNTY

There are 4,000 Japanese-Americans now on county relief rolls, it was made known by Supervisor William A. Smith Tuesday. The announcement was made when it became necessary for the Board to approve a transfer of funds to provide for them.

The Japanese-Americans were recently released from relocation centers with the Federal Government reimbursing the county for the first 60 days of their relief period, after which the entire burden is a county taxpayer responsibility. Inability of these returned citizens to obtain work is given as the reason for their county support.

### CAN YOU ANSWER THIS DRIVING TEST?

1. Yes. The driver of any vehicle involved in such accident must stop immediately at the scene of the accident and fulfill the requirements of Section 482 by giving full information and rendering aid if necessary. Failure to do so is a serious violation of law punishable by severe penalties. (Section 480, 481 Vehicle Code).

2. No. This is governed by local parking regulations and red indicates no stopping, standing or parking whether the vehicle is attended or unattended. (Section 472(a) Vehicle Code).

3. Yes. Also the same regulation applies at any other time when there is not sufficient light to clearly see any person or vehicle on the highway at a distance of 200 feet. (Section 618, 619, 621, Vehicle Code).

4. Yes. But in every event you must return to the right-hand side of the roadway before coming within 100 feet of any vehicle approaching from the opposite direction. (Section 528, 530 Vehicle Code).

5. Yes. You must always signal your turns during the last 50 feet before turning, in the event any other vehicle may be affected

by such turn. (Section 544 Vehicle Code).

### FUNERAL RITES continued from page one

His rise was so rapid that when aged 19 Mr. Goshorn attained the unique distinction of being the youngest city editor of a metropolitan newspaper in the United States following his acceptance of this position on the Pittsburgh Post, and was promoted from the city desk to political editor of that paper in the same year. He married Miss Cora E. Shell, daughter of Charles E. Shell, in 1895.

The late George W. Guthrie, afterwards United States Ambassador to Japan, but in 1906 Mayor of Pittsburgh, was among the first to recognize Mr. Goshorn's political ability. In 1911 he transferred his newspaper allegiance from "The Post" to "The Pittsburgh Dispatch" and became the

political editor of this publication which was recognized as one of the foremost and influential newspapers in the country from the standpoint of Republican national politics.

The press credentials of every national convention of both the Republican and Democratic parties from 1896, when William Jennings Bryan came out of oblivion as the "Boy Orator of the Platte" of those of the Chicago and San Francisco conventions of

1920, were the treasured possessions of Mr. Goshorn, who "covered" them all as political correspondent for the papers he represented.

One of the most cherished honors accorded Mr. Goshorn was his election as president of the Pennsylvania Legislative Correspondents Association in 1915.

Mr. Goshorn was president of the American Republican Club (Pittsburgh), past honorary president Pittsburgh Press Club, treasurer of the Pittsburgh Board of Education, and city delinquent tax collector (1923).
